PROFILE

Computer Science undergraduate at Bahir Dar University with hands-on experience in MERN stack development. Skilled in building scalable web and mobile applications and solving real-world problems through clean and efficient code. Strong interest in backend systems, full-stack development, and software engineering.

WORK EXPERIENCE

Ewenet Communication PLC

JUL 1, 2025 – AUGUST 31, 2025

Web Development Internship

- Working as part of a development team on a real-world project: a Shopping Center Management System.
- Contributing to the web-based interface with a clean, modern dark UI design, focusing on both admin and shop owner roles.
- Involved in planning, designing, and building user-facing features using web technologies.
- Collaborating with team members to gather requirements, implement features, and solve technical challenges.
- Gaining valuable hands-on experience in professional software development, teamwork, and client-oriented thinking.
